

BENEFITS

Fights Mold, Germs,
Allergens, Odors

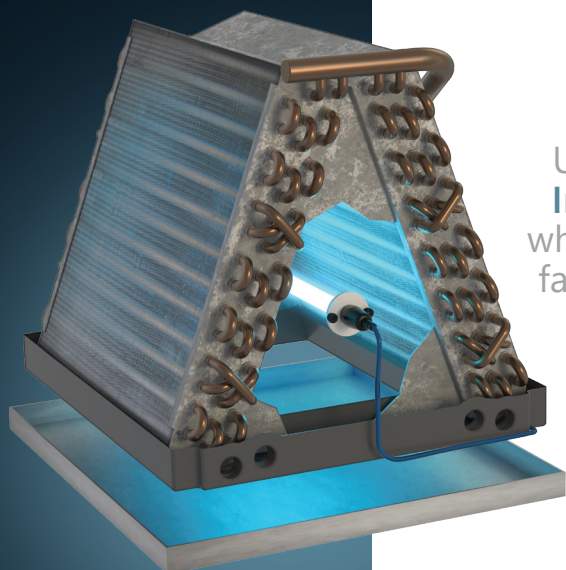

Improved Indoor
Air Quality

Cleaner Central
Air System

Maintenance &
Energy Savings

Chemical-Free
Disinfection

Safe & Effective

PLATINUM IAQ

THE SCIENCE OF CLEAN AIR

Breathe Easy

A Platinum IAQ whole-house air purifier will benefit your family in several ways. These systems not only clean the air of dangerous and unpleasant biological, chemical, and odor contaminants, they also save money by keeping the central air system cleaner. Moldy coils waste energy and will shorten the lifespan of the HVAC system.

A Perfect Fit for Your AC

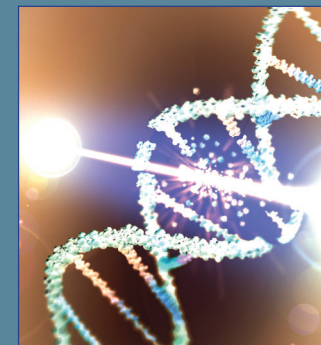

Not all central air systems are the same; fortunately there's a Platinum IAQ system to fit them all. For essential HVAC disinfection consider a Platinum UV or, for comprehensive disinfection with up to four UV lamps, consider the Platinum UV HD System. For comprehensive disinfection plus ozone-free VOC/odor control, choose a Platinum Carbon system.

CLEAN COILS

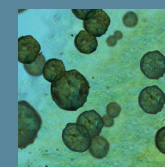

UV light inhibits mold growth
in the AC system which saves
energy & maintenance costs.

FIGHT GERMS

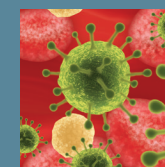

UV light kills germs making indoor air
healthier for everyone in the home.

Mold

Viruses

Allergens

PLATINUM IAQ

THE SCIENCE OF CLEAN AIR

Platinum UV

UV light kills germs, mold and allergens in the air. It also saves energy and reduces maintenance costs by keeping your central air system clean.

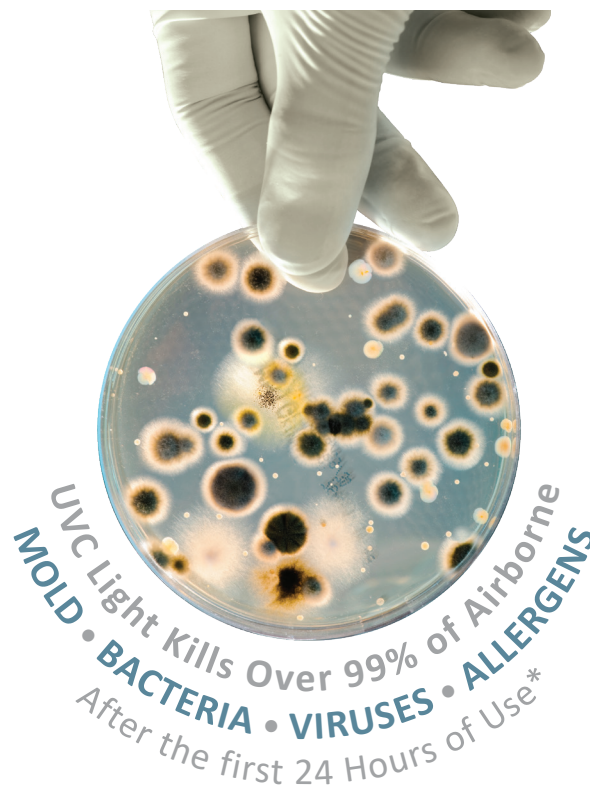

Platinum UV HD

Multiple UV light system features heavy-duty moisture resistant components. Many options available.

Platinum Carbon

Revolutionary duct mounted PCO technology which uses a combination of Activated Carbon, UV light, and titanium dioxide to fight odors, germs, viruses, and mold without producing harmful ozone.
