

Platinum UV

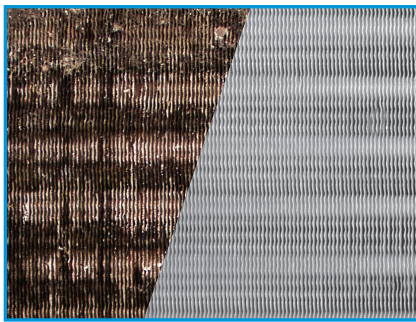

Germ Killing UV Light

Platinum UV™ is the easy way to add germ-killing UV light to any central air system. The kit includes everything you need. Just connect to a low voltage transformer and install the UV light where needed.

By reducing mold growth inside the HVAC system Platinum UV saves energy and reduces the need for system maintenance.

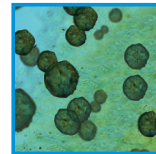

Dirty Coils

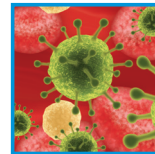

Coils With UV

Bacteria

Biological Growth

Viruses

Allergens

UV light kills germs making indoor air healthier for everyone in the home.

Benefits
